

Yeshivas Bircas HaTorah  
 ישיבת ברכת התורה

Bringing Life  
 to Learning  
 כי הם חיינו

Our current bochrim hail from New York, Johannesburg, Jerusalem, Toronto, England, Los Angeles, Chicago, Antwerp, Denver and others. While they're here, some bochrim earn college degrees through our Rechtschaffen Institute of Judaic Studies, affiliated with Touro College, Excelsior College, Thomas Edison University, Charter Oak University and Empire State College. Some receive rabbinic ordination through our smicha program. Many of our alumni return to their home cities and continue their Torah education in local yeshivas and kollels. Other graduates go on to study at major universities.

Is Bircas HaTorah  
 for me?

Are you....

- ✔ Looking for a vibrant beis medrash?
- ✔ Excited about developing into a proper ben Torah?
- ✔ Motivated to deepen your avodas Hashem?
- ✔ Seeking broad programming that includes tiyulim across Eretz Yisroel, melave malkas and middos-refining chesed activities?
- ✔ Interested in earning a college degree while studying in yeshiva?

Then Bircas HaTorah IS for you!!!

👤 My time at Bircas HaTorah was truly transformative. Being around people like myself that were serious about their studies and personal development, while still having a secular education and other interests was motivational. Many of the Rabbis and kollel members have advanced degrees and they are all so sincere, helpful and caring 👤

# What is Bircas HaTorah?

First we must ask: what is a yeshiva? It's not just a place where people learn Torah -- That's a beis medrash. A yeshiva is a place where people inspire and help each other live the Torah that they learn together -- That's Bircas HaTorah.

Yeshivas Bircas HaTorah, established in 1989, is iconically positioned at the entrance to the Jewish Quarter of the Old City, just minutes from the Kosel.

When walking into the beis medrash, one cannot help being overwhelmed by the electricity and excitement of the learning generated by the post-high school program and the powerful Kollel and smicha program.

With the Rosh Yeshiva living upstairs, the mashgiach across the street and many avreichim a few minutes away, the energy of the beis medrash flows beyond its walls.

Coming to Bircas HaTorah was without a doubt the single best decision I ever made in my life. The knowledge and help the Rebbeim and others at the yeshiva gave me have unlocked avenues in my relationship with Hashem and with the Torah that I never knew existed

Simcha Lapp, Science Teacher at Mir Yeshiva Ketana
